ABSTRACT OF THE DISCLOSURE

METHOD, SYSTEM, AND PRODUCT FOR AUTOMATICALLY MODIFYING A TONE OF A MESSAGE

5

A data processing system, method, and product are disclosed for automatically changing a tone of a message. A particular tone is specified. The data processing system determines an original tone of the message. A determination is then made by the data processing system as to whether the original tone is the particular tone. The data

10 processing system then automatically modifies the message without user input to change the original tone to the particular tone in response to a determination that the original tone is not the particular tone.
